

Clearwater Welding & Fabricating LP

Welcome to Clearwater Welding & Fabricating LP. We are a company with the expertise, equipment, and resources to focus on the project success of the customer. We can be depended on to fully meet and satisfy all your welding and fabrication needs — large or small, conventional or unique.

Clearwater Welding & Fabricating was established in 1984, and since that time, we have realized consistent annual growth and profitability. Our company has achieved significant recognition from the industry, as well as a reputation as one of the best welding and fabrication businesses in Alberta and western Canada.

We offer a comprehensive range of welding and fabrication services that can be tailored to meet the needs of the customer.

Clearwater Welding & Fabricating is an aboriginal-managed company that has achieved prominence and distinction in the heart of the oil sands industry — Fort McMurray, Alberta, Canada.

Our company is a member of the NPC Integrity Energy Services group of companies, giving us a connection to many trades which enables us to draw upon a vast pool of resources, equipment, and services that can be provided.

- Excellence & safety in delivery & performance
- Quality in service, delivery, materials, and products
- Consistent fair pricing across the board
- Customer satisfaction

Safety

Clearwater Welding & Fabricating LP strictly adheres to and enforces the most comprehensive safety and quality control program for our type of industry. Safety and quality control are the most important elements of our culture and are continually reinforced throughout the company's operations to ensure our employees are properly trained, experienced, and certified to meet or exceed industry standards.

Our Corporate Safety Policy

Clearwater Welding & Fabricating LP has a strong safety and loss prevention program that will protect our employees and the general public from accidents. In addition to this policy, management also supports the industry-wide Guiding Principles for Worker Safety.
